

Blue Ridge Veterinary Imaging

Born out of a desire to better serve the breeder and handler community, Blue Ridge Veterinary Imaging offers the very latest DR radiography in seconds with the convenience of a mobile unit.

Our use of fear-free techniques, in addition to the presence of the owner/handler, creates a safe and comfortable environment for the dogs. Sedatives or anesthesia are NOT necessary. Capturing images while muscle tone is present, and therefore less laxity in the joints, may increase odds of more favorable interpretations.
